STATEMENT OF BUSINESS ACTIVITIES AND REGULATORY CLARIFICATION

TO WHOM IT MAY CONCERN

This is to certify that **DNA Testing Solutions®** operates as a service provider, case coordinator, and facilitation company for DNA and genetic testing services.

DNA Testing Solutions® is **NOT** a laboratory and **NOT** a collection centre.

The company does not perform DNA extraction, laboratory analysis, genetic testing, or issue laboratory results at its own premises.

Its role is limited to providing information, coordinating cases, arranging sample collection where required through appropriate arrangements, facilitating documentation, coordinating shipment of samples to the relevant testing laboratory, and forwarding laboratory-issued reports to authorized recipients.

All scientific testing, laboratory analysis, interpretation, and report issuance remain the sole responsibility of the respective independent testing laboratory.

Accordingly, **DNA Testing Solutions®** functions strictly as a service provider and facilitator, and not as a medical, diagnostic, clinical, pathology, or forensic laboratory.

This certificate is issued for official clarification and record purposes.
